

	PROGRAMME  live stream WEDNESDAY 17 February 2016 Participatory Simulation	
TIME		
8:30	Registration and coffee	
 9:30	Orientation, Chair Paula Poikela, MA, RN, Project Manager, Senior Lecturer, Lapland UAS	
	Welcome to the Nursing Simulation Alive Conference, Opening words Hanna Mäntylä, Minister of Social Affairs and Health	
	Welcoming words Outi Hyry-Honka, Director of School of Social Services, Health and Sports, Lapland University of Applied Sciences	
	Words behalf of Organizing committee	
 10:15	Settings set the scene: Exploring constellations for scenarios and debriefings	
	Keynote Peter Dieckmann, Ph.D.,Dipl-Psych, CAMES	
 11:15	The design and implemation of virtual simulations 2D/3D and their potential to enhance higher fidelity simulation activities	
	Nigel Wynne, Lead-Online simulation and Immerse Education Research Group, Birmingham City University	
	Affordances of mobility in simulation based education	
	Hanna Vuojärvi, PhD, University Lecturer, Pedagogy of Adult Education, University of Lapland	
12:15	Lunch Break	
13:15	Participatory Simulation	
	Facilitators Peter Dieckmann and Patrik Nyström	
	Panel Discussion	
14:45	Refreshment Break and move to the selected expert session	
 15:15	Scientific: Oral Presentations, Chair PhD. Miia Jansson, University of Oulu	Workshops to choose:
	*Bodily learning in old age simulation- Selberg Hanne, Sharp-Johansen Marie Louise, Evron Lotte	WS1 Mobile Simulation Michael Schrempf & Sebastian Spinnler, #SimStuttgart Center for Simulation and Patientsafety, Marko Vatanen, Senior Lecturer, Lapland UAS
	*Simulation as an educational tool in acute nursing care- Jørgensen Britt Egeris, Larsen Mona, Bibi Gram	WS2 Participatory Labor Simulation, Tarja Pykäläinen, Senior Lecturer, Lapland UAS
	*Investigating different tools to support self-reflection about non technical skills after patient simulations- Silvennoinen Minna, H.G Jepsen Rikke-Malene , Teglgard Lyk-Jensen Helle, Dieckman Peter	WS3 Medicine Queens theatre, Anna-Leena Nousiainen, Senior Lecturer, Lapland UAS
	*Impact of crisis resource management and team debriefing in simulation training on self-efficacy, team efficacy and technical skills for bachelor nursing students- Coppens, Imgard, Verhaeghe Sofie, Dumez Filip, Beeckman Dimitri	WS4 Simulated Patient in simulation, Juha-Pekka Laakso Laerdal
17:00	Get Together Cocktail Party, Lapland UAS, Jokiväylä 11	
	In co-operation with Laerdal	
19:00	Transportation back to the hotel
